

2012 TULIP CITY GEM AND MINERAL CLUB MEMBERSHIP APPLICATION

Our club is a non-profit organization with meetings held at the Herrick District Library Auditorium, 300 South River Avenue, Holland, Michigan on the last Wednesday of the month. A Junior Geologists Club meets separately for part of the evening at the same place as the adults. The purpose of the TULIP CITY GEM AND MINERAL CLUB is to develop interest in and increase knowledge of minerals, rocks, gems, fossils and the lapidary arts. We also grant scholarships to several geology students at Hope College and Grand Valley State University each year. Members receive a monthly club bulletin, *The Tulip City Conglomerate*, and are encouraged to participate in field trips that are arranged periodically.

Adult Name _____ Birth Month/Day _____ Adult Name _____ Birth Month/Day _____

Address _____ Anniversary Month/Day _____

Phone _____ Email _____

Child's Name _____ Birth Month/Day/Year _____ Child's Name _____ Birth Month/Day/Year _____
