Town of Colton St. Lawrence County

 Big Rock (C). *Minerals:* Quartz, Tournaline. Knobs of gneiss (Big Rock), west side of Raquette River above the hydroelectric dam at the end of Pine Road, Colton. Town of Colton. GPS: (44°31'45"N, 74°55'53"W) *Reference:* Walter 2022

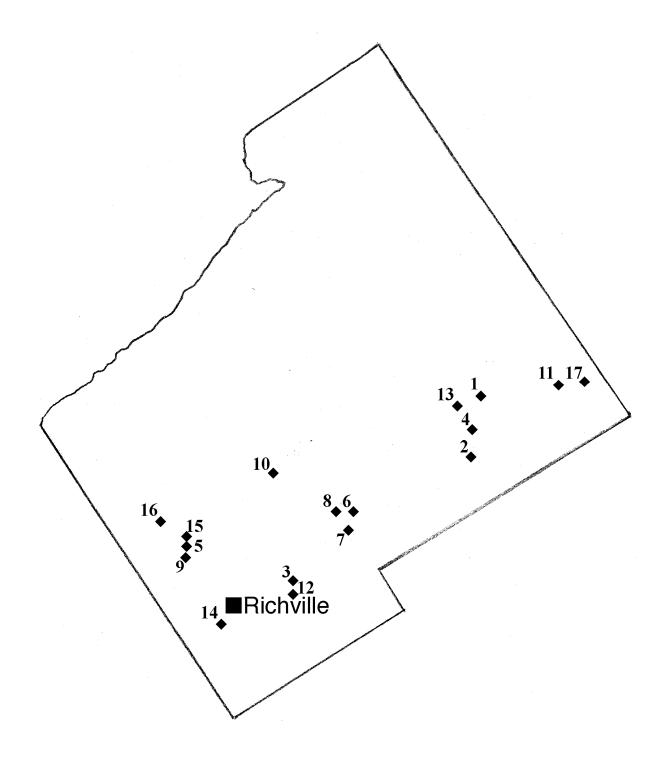

Tourmaline, Quartz. Big Rock. 5.5 cm. MW specimen and photo.

Wildwood Road Tremolite Occurrence (C). *Minerals:* Tremolite. North side of Wildwood Road, 2-3 kilometers east of the intersection of County Rte. 58 and Riverside Drive (Wildwood Road). Town of Colton. GPS: (44°33'20"N, 74°55'22"W)
 Reference: Walter 2022

Tremolite.Wildwood Road. 7.7 cm. MW02595 and photo.

Town of De Kalb St. Lawrence County

 Andrew Murtey Farm (C). *Minerals:* Calcite, Phlogopite (triplet twins), Serpentine, Tremolite, Uvite (Achroite). De Kalb. Town of De Kalb. GPS: (near 44°28'29"N, 75°18'33"W) *References:* Whitlock, 1903; Robinson & Alverson, 1971; Robinson & Chamberlain, 2007a,b

(L) Uvite (Achroite). Andrew Murtey Farm. 6-mm xl. SCC36042 and photo.
 (R) Uvite (Achroite), Calcite. Andrew Murtey Farm. 2.5 cm. Harvard43558. GWR photo.

 Old Calvin Mitchell Farm (C). *Minerals:* Albite, Calcite, Diopside, Quartz, Talc, Tremolite. De Kalb. Town of De Kalb. GPS: (44°27'01"N, 75°19'36"W)

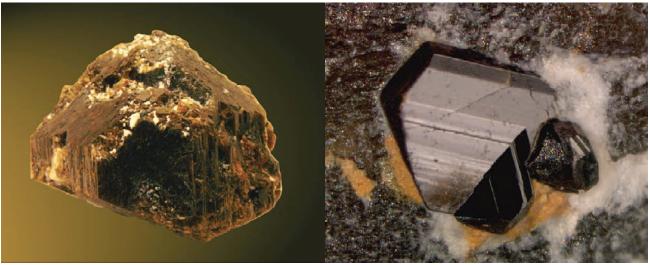

References: Whitlock, 1903; Robinson & Alverson, 1971; Robinson & Chamberlain, 2007a,b; Chamberlain & Robinson, 2013; Walter, 2022

(L) Diopside. Calvin Mitchell Farm. 3.4 cm. CMN specimen. GWR photo.
 (R) Diopside, Quartz. Calvin Mitchell Farm. 5.0 cm. CMN specimen. SN photo.

 Bigelow Road Cut (C). *Minerals:* Calcite, Dravite, Fluorapatite, Fluorite, Goethite (ps. after Pyrite), Graphite, Hematite, Marcasite, Microcline, Opal, Phlogopite, Pyrite, Quartz, Rutile, Talc, Uvite. Road Cut East of Village. Town of De Kalb. GPS: (44°25'18"N, 74°21'48"W)

References: Robinson & Chamberlain, 2007b; Lupulescu et al., 2010; Walter, 2022

(L) Uvite. Bigelow Road Cut. 5.5 cm. SCC18338 and photo.
 (R) Rutile (twin). Bigelow Road Cut. 0.4 mm. SCC18784 and photo.

4) McLear (Green Hill) Pegmatite (C). *Minerals:* Allanite-(Ce), Barite, Bornite, Calcite, Chalcopyrite, Diopside, Fluorapatite, Fluoroedenite, Lizardite, Microcline, Molybdenite, Phlogopite, Pyrite, Quartz, Thucolite, Thorite, Titanite, Tourmaline, Uraninite, Zircon (Cyrtolite). De Kalb Junction, at Intersection of Rte. 18 and Rte. 19. Town of De Kalb. GPS: (44°27'35"N, 75°18'41"W)

References: Shaub, 1929, 1940; Tan, 1966; Robinson & Alverson, 1971; Robinson & Chamberlain, 2007b; Walter, 2022

(L) Fluoro-edenite. McLear (Green Hill) Pegmatite. 6 cm. CMN specimen. GWR photo. (R) Zircon (Cyrtolite). McLear (Green Hill) Pegmatite. 3.3 mm. SCC1571 and photo.

5) Old Francis McIntyre Farm (F). Minerals: Barite, Calcite. Near Osborn Lake. Town of De Kalb. GPS: (44°28'54"N, 75°25'19"W)

References: Williams, 1884; Chester, 1887

(L) Barite. Francis McIntyre Farm. 5.0 cm. SCC2089 and photo. (R) Barite. Francis McIntyre Farm. 4.9 cm. SCC2087 and photo.

6) Type Locality for Geerite (C,A). Minerals: Azurite, Brochantite, Calcite, Cervantite, Chalcopyrite, Chrysocolla, Geerite, Graphite, Hemimorpohite, Malachite, Olivenite, Sphalerite, Spionkopite, Stibiconite, Tennantite, Tetrahedrite, Tremolite. De Kalb. Town of De Kalb.

GPS: (44°29'57"N, 75°20'37"W) Reference: Goble & Robinson, 1980

Brochantite, Tennantite. Type Locality for Geerite. 7.9 cm. SCC16664 and photo.

7) MacDonald Farm (F). Minerals: Barite, Calcite, Goethite, Goethite ps. Marcasite, Goethite ps. Pyrite, Pyrite, Borrow Pit on Colton Road, Richville. Town of De Kalb. GPS: (44°27'00"N, 75°25'41"W) Reference: Brown, 1983 - loc. #73

 8) Schorl Occurrence (C). *Minerals:* Quartz, Schorl. Old De Kalb Cemetery, south of County Rte. 17, west of Oswegatchie River. Town of De Kalb.
 GPS: (44°30'04"N, 75°20'51"W) *Reference:* Unpublished

Schorl. Old De Kalb Cemetery. 10.2 cm. SCC30225 and photo

9) Osborn Lake Copper Mine (C), *Minerals:* Barite, Calcite, Diopside, Fluorapatite, Goethite ps. Marcasite, Goethite ps. Pyrite, Phlogopite, Quartz, Titanite, Tourmaline. Just east of Osborn Lake. Town of De Kalb. GPS: (44°28'42"N, 75°25'40"W) *Reference:* Brown, 1983 – loc. #60

Goethite ps. Pyrite. Osborn Lake Copper Mine. 7.1 cm. SCC31185 and photo.

10)Hematite Road Cut (F). *Minerals:* Anhydrite xl cavities, Goethite ps. Pyrite, Hematite, Pyrite, Quartz. Road Cut on north side of Rte. 17, just southeast of Stevenson Road Intersection. Town of De Kalb. GPS: (44°31'05"N, 75°23'13"W) *Reference:* Unpublished

Hematite, Quartz. Rte. 17 Road Cut. 6 cm. SCC14591 and photo.

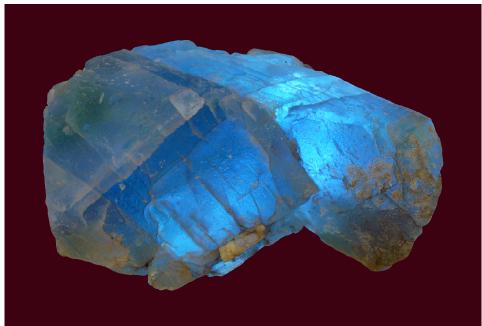

11)Quartz Veins (F). *Minerals:* Quartz. Veins in Railroad Cut between former Stellaville and Stella Mines. Town of De Kalb.
GPS: (44°28'50"N, 75°14'34"W) *Reference:* Unpublished

Quartz. Railroad Cut near Stellaville. 5.8 cm. NYSM specimen. SCC photo.

 12)Bigelow Gash Veins (F). *Minerals:* Barite, Calcite, Dravite, Fluorite, Graphite, Pyrite, Sphalerite. Across from Road Cut, Bigelow. Town of De Kalb.
 GPS: (near 44°25'18"N, 74°21'45"W)

References: Chamberlain, 2015d; Chamberlain et al., 2018b; Walter, 2022

Fluorite. Bigelow Gash Veins. 14 cm. SCC34713 and photo

(L) Calcite. Bigelow Gash Veins. 6.5 cm. SCC38133 and photo.(R) Calcite (twin). Bigelow Gash Veins. 6.6 cm. SCC38137 and photo.

13)Kents Corners Road Cut (F). *Minerals:* Dravite, Pyrophyllite, Rutile. Town of De Kalb.
 GPS: (44°28'14"N, 75°19'11"W)
 References: Chamberlain & Walter, 2017; Walter, 2022

Dravite, Rutile. Kents Corners Road Cut. 4-mm xl. SCC specimen and photo.

14)Richville Road Cut (F). *Minerals:* Barite, Barite xl cavities, Calcite, Quartz. Gash Vein in Road Cut on US Rte. 11, North of Welsh Road, Richville. Town of De Kalb.
GPS: (44°24'35"N, 75°24'00"W) *References:* Chamberlain & Walter, 2017; Walter, 2022

15) Osborn Lake Barite Locality (F,A). *Minerals:* Barite, Calcite, Fluorite, Goethite ps. Marcasite, Goethite ps. Pyrite, Graphite, Marcasite, Pyrophyllite, Quartz. East of Osborn Lake. Town of De Kalb. GPS: (44°28'56"N, 75°25'16"W) *References:* Brown, 1983 – loc. #61; Robinson & Chamberlain, 2007b

16)Hurlbut Farm (C). *Minerals:* Calcite, Diopside, Fluorapatite, Fluor-uvite, Phlogopite, Quartz, Talc, Tremolite. North of Gouverneur. Town of De Kalb.
GPS: (44°29'04"N, 75°26'48"W) *References:* Brown, 1983 – loc. #56; Robinson & Chamberlain, 2007b; Walter, 2022

(L) Tremolite. Hurlbut Farm. 4 cm. SCC specimen and photo.

(C) Tremolite, Quartz. 6 cm. NYSM22343. MW photo.

(R) Fluor-uvite, Tremolite, Quartz. Hurlbut Farm. 10.2 cm. SCC17964 and photo.

17)Stella Mines (including Anna Mine) (C,A). *Minerals:* Pyrite, Pyrrhotite. One mile north of Hermon. Town of De Kalb. GPS: (44°28'59"N, 75°13'59"W)

References: Newland, 1919; Robinson & Alverson, 1971

Localities without GPS coordinates (not shown on map)

Barite Occurrence (F). *Minerals:* Barite (long, tabular xls). Richville. Town of De Kalb. *Reference:* Whitlock, 1903

Calvin Mitchell Prospect (D. G. Styles Property) (C). *Minerals:* Pyrite, Pyrrhotite. Southeast edge of small ridge just north of Indian creek. Town of De Kalb. *Reference:* Newland, 1919

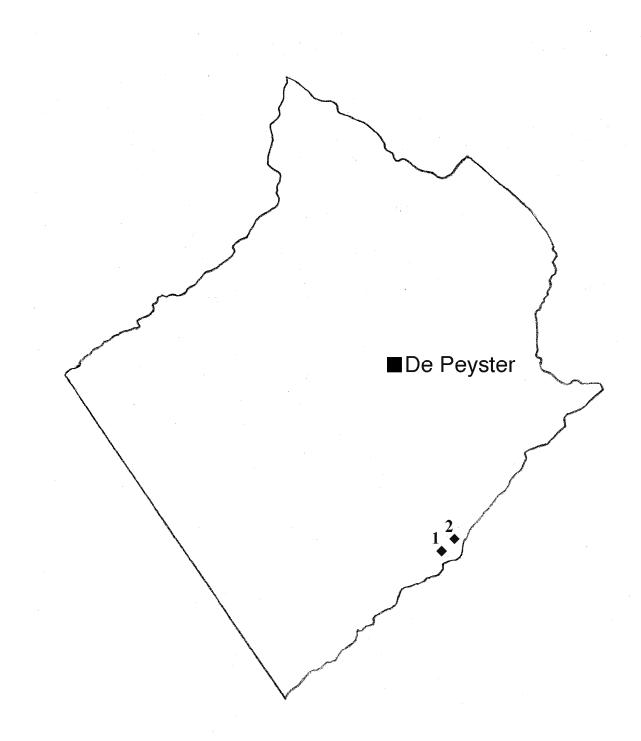

Datolite Occurrence (C). *Minerals:* Datolite, Diopside (transparent xls). 3 Miles South of De Kalb Junction. Town of De Kalb. *Reference:* Whitlock, 1903

Henricks Shaft (C). *Minerals:* Pyrite. 1.5 Miles southwest of Bigelow. Town of De Kalb. *Reference:* Newland, 1919

Old Abner Cross Farm (C,F). *Minerals:* Barite, Calcite, Fluorite, Phlogopite, Tourmaline, Tremolite. Near Osborn Lake. Town of De Kalb. *Reference:* Dana 1898 Old Alexander Farr Farm & Old Henry Fleming Farm (C). *Minerals:* Pyrite, Pyrrhotite. 3 Miles northeast of Bigelow. Town of De Kalb. *Reference:* Newland, 1919

Styles Shaft (D. G. Styles Property) *Minerals:* Pyrite. About 1.8 Miles Northeast of Bigelow. Town of De Kalb. *Reference:* Newland, 1919

Town of De Peyster St. Lawrence County

 Mayhew Calcite Gash Vein (F). *Minerals:* Calcite. West of north end of Bridge on Rock Island Road over Beaver Creek, North of Gouverneur. Town of De Peyster. GPS: (44°30'17"N, 75°25'46"W) *Reference:* Walter, 2022

Calcite. Mayhew Calcite Gash Vein. 6.8 cm. SCC38681 and photo.

 Mayhew Fluorite Gash Vein (F). *Minerals:* Calcite, Fluorite, Graphite, Quartz. Mayhew Farm Fluorite gash vein, Hill facing end of bridge on Rock Island Road over Beaver Creek, North of Gouverneur. Town of De Peyster. GPS: (44°30'19"N, 75°25'44"W)

References: Robinson & Alverson, 1971; Brown, 1983 - loc. #41; Walter, 2022

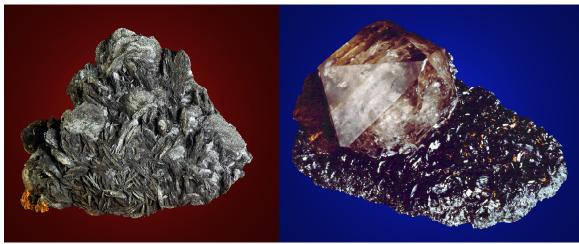

(L) Fluorite. Mayhew Fluorite Gash Vein. 5.2 cm. SCC32569 and photo. (R) Fluorite. Mayhew Fluorite Gash Vein. 6.4 cm. SCC32582 and photo.

Town of Edwards St. Lawrence County

Dodge Mine (C,F). *Minerals:* Anhydrite xl cavities, Calcite, Dolomite, Goethite, Goethite ps. Dolomite, Goethite ps. Marcasite, Goethite ps. Pyrite, Goethite ps. Siderite, Hematite, Lizardite (slickensides) Quartz (colorless, smoky, black, sand crystals), Siderite, Talc. North of Edwards. Town of Edwards. GPS: (44°21'20"N, 75°14'15"W) *References:* Robinson & Chamberlain, 2007b; Chamberlain et al., 2019; Walter, 2022

(L) Hematite. Dodge Mine. 11 cm. SCC41046 and photo.
 (R) Quartz, Hematite. Dodge Mine. 5.2 cm. SCC8470 and photo.

Hematite. Dodge Mine. 10.9 cm. NYSMC5031. SCC photo.

(L) Hematite, Quartz, Calcite. Dodge Mine. 8-mm fov. SCC11380 and photo.
 (R) Calcite. Dodge Mine. 1-cm xl. SCC11380 and photo.

2) Morgan (Wolf) Farm (C). Minerals: Diopside, Fluorapatite, Microcline, Molybdenite, Phlogopite, Pyrite, Tremolite. Southeast of Edwards. Town of Edwards. GPS: (44°19'01"N, 75°14'21"W)

References: Robinson & Alverson, 1971; Robinson & Chamberlain, 2007b; Walter, 2022

Microcline, Diopside. Morgan Farm. 4.8 cm. SCC40839 and photo.

3) Serpentine Crystal Locality (C). Minerals: Calcite, Scapolite, Serpentine, Serpentine ps. Scapolite. Trout Lake Road, Edwards. Town of Edwards. GPS: (44°20'39"N, 75°16'20"W)

Reference: Unpublished

4) Edwards Mine (C). Minerals: Acanthite, Afghanite, Alabandite, Albite (Oligoclase), Anhydrite, Arsenopyrite, Calcite, Chalcopyrite, Diopside, Dolomite, Dravite, Freibergite, Galena, Gypsum, Haüyne, Lazurite, Pargasite, Phlogopite, Proustite, Pyrite, Quartz, Serpentine, Silver, Sphalerite, Spinel, Talc, Tremolite, Warwickite. Edwards mine, Edwards. Town of Edwards. GPS: (44°19'55"N, 75°15'52"W)

References: Lessing & Grout, 1971; Kelly et al., 1998; Robinson & Chamberlain, 2007a,b; Lupulescu et al., 2014; Chamberlain et al., 2018; Bailey et al., 2019

(L) Gypsum. Edwards Mine. 5.5 cm SCC34507 and photo.

(C) Warwickite, Spinel. Edwards Mine. 1.2-mm fov. NYSM13164. MVL photo.

(R) Lazurite, Dravite. Edwards Mine. 12.4 cm. NYSM21403. GBG photo.

5) International Talc Company (Reynolds) Mine (C). Minerals: Anthophyllite, Clino-suenoite (Manganocummingtonite, Tirodite), Fluorapatite, Sepiolite, Talc, Tremolite. Talcville. Town of Edwards. GPS: (44°18'55"N, 75°17'59"W) References: Alverson; Robinson & Alverson, 1971; Chamberlain et al., 2018

Tremolite. Reynolds Mine. 7.5 cm. SCC12509 and photo.

6) 2½ Mine (C,F). *Minerals:* Calcite, Clino-suenoite (Manganocummingtonite, Tirodite), Cummingtonite, Groutite, Lizardite, Phlogopite, Tremolite (Hexagonite), Talc, Uvite (Manganese-rich). Talcville. Town of Edwards. GPS: (44°18'31"N, 75°18'36"W)

References: Segeler, 1959, 1961; Robinson & Chamberlain, 2007b; Chamberlain et al., 2018

Tremolite (Hexagonite). 21/2 Mine. 8 cm. SCC20561 and photo.

(L) Groutite, Calcite, Talc. 2½ Mine. 4.4-cm fov. SCC11593 and photo. (R) Groutite, Calcite. 2½ Mine. 4-mm fov. SCC18171 and photo.

- 7) Rte. 58 Road Cut (C). *Minerals:* Diopside, Fluorapatite, Molybdenite, Phlogopite, Pyrite, Tremolite. Southeast of Edwards. GPS: (44°18'57"N, 75°14'20"W) *Reference:* Chamberlain & Walter, 2017
- 8) Hyatt Mine (C,F). *Minerals:* Barite, Calcite, Greenockite (?), Sepiolite, Sphalerite, Strontianite, Sulfur. Southwest of Talcville. Town of Edwards. GPS: (44°18'12"N, 75°19'23"W) *References:* Robinson & Chamberlain, 2007b; Chamberlain et al., 2018

(L) Sepiolite (Mountain Leather). Hyatt Mine. 15.5 cm. SCC14050 and photo. (R) Calcite (twin), Sepiolite. Hyatt Mine. 3.7 cm. SCC13915 and photo.

(L) Calcite. Hyatt Mine. 12 cm. SCC14678 and photo.

Calcite. Hall Farm Gash Vein. 9.7 cm. SCC42502 and photo.

 18)Morrison Road Gash Vein (F). *Minerals:* Calcite, Chalcopyrite, Dolomite, Graphite. Pyrite, Quartz. End of Morrison Road, North Gouverneur. Town of Gouverneur.
 GPS: (44°26'34"N, 75°29'17"W) *References:* Unpublished

Calcite. Morrison Road Gash Vein. 3.8 cm. SCC30240 and photo.

19)Carlin Fluorite Gash Vein (F). *Minerals:* Calcite, Fluorite. Hall Farm, North Gouverneur. Town of Gouverneur. GPS: (44°26'32"N, 75°29'17"W)
 Reference: Unpublished

(L) Fluorite. Carlin Fluorite Gash Vein. 6.2 cm. SCC 41798 and photo.(R) Fluorite. Carlin Fluorite Gash Vein. 4.7 cm. SCC41689 and photo.

20)Borrow Pit (C). *Minerals:* Quartz, Schorl. Intersection of Morrison and Cream of the Valley Roads, Gouverneur. Town of Gouverneur.

GPS: (44°25'40"N, 75°27'52"W) *Reference:* Unpublished

Schorl, Quartz. Borrow Pit at Intersection of Morrison and Cream of the Valley Roads. 6.0 cm. SCC30816 and photo.

21)Dravite & Tremolite Locality (C). *Minerals:* Dravite, Tremolite. Exposures beyond the end of Morrison Road, North Gouverneur. Town of Gouverneur. GPS: (44°26'00"N, 75°26'24"W) *Reference:* Brown, 1983 – loc. #70

Dravite. Dravite & Tremolite Locality. 7.5-cm xl. SCC41800 and photo.

22)Mullin (Old Foster) Farm (F). *Minerals:* Calcite, Chalcopyrite, Dolomite, Quartz. Kearney Road. Town of Gouverneur. GPS: (44°20'04"N, 75°32'25"W)
 Reference: Nims, 1886

Calcite (twin). Mullin Farm. 7.2 cm. SCC35336 and photo.

23)Morning Star Property (F). *Minerals:* Barite, Calcite, Dolomite, Quartz. Gash Vein in Road Cut on Yellow Lake Road. Town of Gouverneur.

GPS: (44°21'44"N, 75°33'26"W)

References: Chamberlain & Walter, 2017; Walter, 2022

Barite. Morning Star Property. 5.5 cm. MW specimen and photo.

24)LaLonde Gash Vein (F). *Minerals:* Calcite, Graphite, Magnesio-ferri-hornblende (in wall rock), Quartz, Scapolite. Justin Leeson Property, Gouverneur. Town of Gouverneur.
GPS: (44°24'48"N, 75°29'59"W) *Reference:* Walter, 2022

Calcite (twin). LaLonde Gash Vein. 2.4 cm. SCC35344 and photo.

25)Gardenscapes (Imerys Marble, Basins) Quarry (F). *Minerals:* Calcite, Quartz. Seavey Road, 3 miles north of Gouverneur. GPS: (44°22'50"N, 75°28'14"W)

Reference: Unpublished

- 26)Amasa Corbin Mine (C). *Minerals:* Garnet. 3 miles north of Gouverneur. Town of Gouverneur. GPS: (44°23'N, 75°28' W)
 Reference: Newland, 1919
- 27)Balducci Quarry. *Minerals:* Calcite, Uvite-Dravite. South end of Parker Street, Gouverneur. Town of Gouverneur. GPS: (44°19'39"N, 75°28'27"W)
 References: Newland, 1913; Robinson & Alverson, 1971

Fluorapatite, Calcite. Balducci Quarry. 13.5-cm xl. NYSM specimen. SCC photo.

28)Justin Leeson Calcite Locality (F). *Minerals:* Calcite, Diopside, Magnesio-ferri-hornblende, Quartz. 150 meters south of the end of Lead Mine Road. Town of Gouverneur.
GPS: (44°25'04"N, 75°29'34"W) *Reference:* Walter, 2021

29)Justin Leeson Dravite Locality (C). *Minerals:* Albite, Dravite, Quartz, Titanite. 200 meters south of the end of Lead Mine Road. Town of Gouverneur. GPS: (44°24'14"N, 75°29'34"W) *Reference:* Walter, 2021

30)Quarry Road Locality (C). *Minerals:* Calcite, Microcline, Phlogopite, Quartz, Scapolite, Titanite, Uvite. Exposures on both sides of Quarry Road, east of US. Rte. 11, south of Gouverneur. Town of Gouverneur.
 GPS: (44°19'27"N, 75°28'46"W)
 Reference: Chamberlain & Walter, 2017

31)Stevens Road at Cream of the Valley Road (F). *Minerals:* Anhydrite xl cavities, Calcite, Dolomite, Quartz. Gouverneur. GPS: (44°23'39"N, 75°29'46"W) *Reference:* Chamberlain & Walter, 2017

Localities without GPS coordinates (not shown on map)

Almandine Locality (C). *Minerals:* Almandine (in gneiss), Quartz. 1.5 miles northeast of Gouverneur. Town of Gouverneur. *Reference:* Whitlock, 1903

Barite Locality (C). *Minerals:* Barite, Biotite, Graphite, Tremolite (fibrous), Vesuvianite. Elmdale (Smith Mills), 4.5 miles west of Gouverneur. Town of Gouverneur. *Reference:* Whitlock, 1903

Calcite Locality (F). *Minerals:* Calcite, Dolomite. 2 miles below Natural Dam, on the left bank of the Oswegatchie River. Town of Gouverneur. *References:* Hough, 1853; Nims, 1886

Fluorite Locality (F). *Minerals:* Calcite, Fluorite. Near the Rock Island Bridge. Town of Gouverneur. *References:* Hough, 1853; Nims, 1886

Gouverneur-Oxbow Road Cut (C). *Minerals:* Diopside, Feldspar, Garnet, Hornblende, Mica. Road cut on north side of Gouverneur-Oxbow Road, on Gouverneur side of the "school", Gouverneur. Town of Gouverneur. *Reference:* Agar, 1921

Griffin School (F). Minerals: Barite, Fluorite. 2 miles north of Griffith School (or Bridge), North Gouverneur. Town of Gouverneur.

Reference: Hough, 1853

Houghite Locality (C). *Minerals:* Dolomite, Phlogopite, Serpentine, Serpentine ps. Spinel (Houghite), Spinel. 1.5 miles north of Somerville (possibly along the McAllister Road). Town of Gouverneur. *Reference:* Dana, 1898

James Morse Farm (C,F). *Minerals:* Barite, Hematite, Pyrite (large octahedrons), Serpentine. Iron Ore Bed on Old James Morse Farm. Town of Gouverneur. *Reference:* Hough, 1853

Joel Smith Farm (F). *Minerals:* Quartz (beta form). Workings for Iron Ore on Old Joel Smith farm. Town of Gouverneur. *Reference:* Hough, 1850

Judge Dodge Property (F). *Minerals:* Barite, Fluorite. 2 miles north-northwest of Griffith Bridge. Town of Gouverneur. *Reference:* Dana, 1898

Northwoods Road Cut (C). *Minerals:* Mica. Road cut on west side of Northwoods Road halfway between Battle Hill Road and Chub Lake Road. Town of Gouverneur. *Reference:* Alverson

Phlogopite Locality (C). *Minerals:* Amphibole (green xls), Apatite, Phlogopite (large sheets), Pyrite, Pyroxene, Titanite, Tournaline (highly modified brown xls). 4.5 miles north of Gouverneur. Town of Gouverneur. *Reference:* Whitlock, 1903

Pyrite Locality (C). *Minerals:* Graphite, Pyrite (cube, octahedron, dodecahedron combinations). Town of Gouverneur. *References:* Hough, 1850, 1853

Reservoir Hill (C). *Minerals:* Tourmaline or Chondrodite. Hailesboro. Town of Gouverneur. *Reference:* Slocum, 1948

Robinson Road Gravel Pit (F). *Minerals:* Calcite, Dolomite. Gravel Pit on north side of Robinson Road at its midpoint. Town of Gouverneur on the Macomb Town Line. *Reference:* Alverson

Serpentine Locality (C). *Minerals:* Amphibole, Fluorite, Serpentine (pseudomorphs and verd antique), Tourmaline. 1 mile southwest of Gouverneur (marble quarries). Town of Gouverneur. *Reference:* Whitlock, 1903

Storie Farm. *Minerals:* Gypsum (satin spar), "Tourmaline". Old Storie farm, Wegatchie. Town of Gouverneur. *Reference:* Hough, 1950

Sullivan Farm (C). *Minerals:* Graphite, Microcline. Old Sullivan farm, near Natural Dam. Town of Gouverneur *Reference:* NYSM Collection, Albany, NY; Unpublished

Tourmaline Locality (C). *Minerals:* Tourmaline (brown), Tremolite. Little Bow Road. Town of Gouverneur. *References:* Unpublished

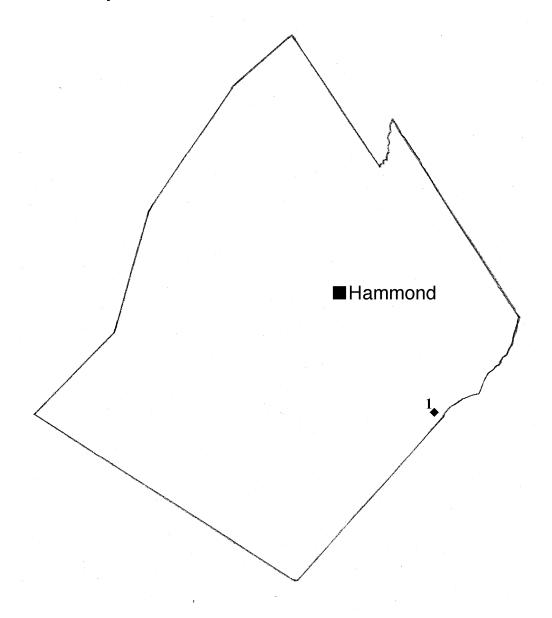

Vesuvianite Locality (C). *Minerals:* Apatite, Fluorite, Orthoclase, Pyroxene, Serpentine, Talc (Rensselaerite), Titanite, Tourmaline, Vesuvianite. 1 mile south of Gouverneur. Town of Gouverneur. *Reference:* Whitlock, 1903

Vilas Ingram Farm (C). *Minerals:* Tourmaline (light brown, dark brown, black) in Quartz veins. Vilas Ingram farm and neighboring properties, near Gouverneur. Town of Gouverneur. *Reference:* Agar, 1921

Dale Bush Farm. SR

Town of Hammond St. Lawrence County

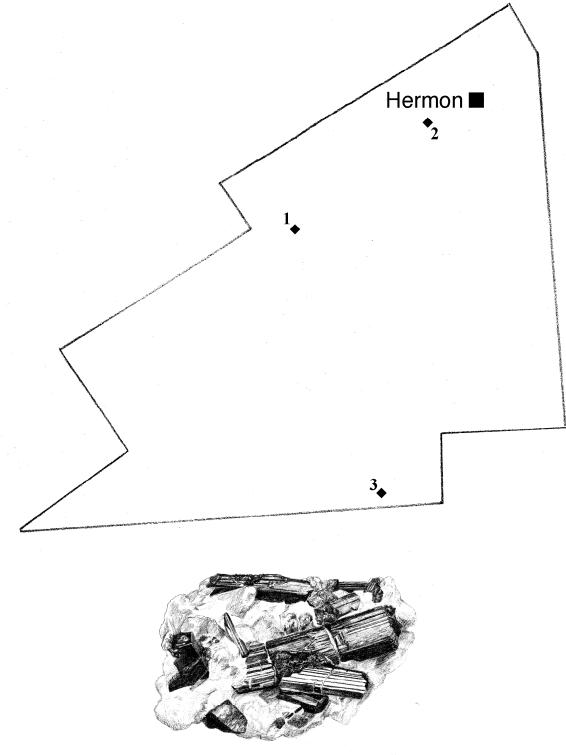

Localities with GPS coordinates (shown on map)

 Mile Arm Bay (C). *Minerals:* Apatite (crystals to 5 inches in marble). Black Lake. Town of Hammond. GPS: (44°24'38"N, 75°39'11"W) *Reference:* Alverson

Localities without GPS coordinates (not shown on map)

DeLong's Mills (Nelson's Corners) (C). *Minerals:* Apatite, Barite, Fluorite, Orthoclase, Pargasite, Phlogopite, Pyrite, Pyroxene, Scapolite, Titanite, Tremolite, Zircon. Near DeLong's Mills. Town of Hammond. *Reference:* Whitlock, 1903

Town of Hermon St. Lawrence County

Schorl, Fire-Fall State Forest. SR

Localities with GPS coordinates (shown on map)

 Bowman Prospect (C,F). *Minerals:* Calcite, Dolomite, Goethite, Hematite. Rock Hollow Road, West Hermon. Town of Hermon. GPS: (44°25'12"N, 75°17'14"W) *References:* Chamberlain et al., 2019; Walter, 2022

 9) Lead Mine Road Gash Vein (F). *Minerals:* Calcite, Chalcopyrite, Dolomite, Graphite, Malachite, Marcasite, Pyrophyllite, Quartz, Tourmaline. Pierces Corners. Town of Macomb. GPS: (44°24'02"N, 75°31'50"W) *References:* Walter & Chamberlain, 2017; Walter, 2022

(L) Calcite (twin). Lead Mine Road Gash Vein. 10 cm. SCC32634 and photo.
 (R) Chalcopyrite, Calcite. Lead Mine Road Gash Vein. 9-mm xl. SCC33200 and photo.

(L) Dolomite. Lead Mine Road Gash Vein. 9 cm. SC33074 and photo.
 (R) Dolomite ps. Calcite. Lead Mine Road Gash Vein, 3.4 cm. MW01158 and photo.

10)Tourmaline Pit (C). *Minerals:* Calcite, Diopside, Fluor-uvite, Goethite, Hematite, Microcline, Pyrite, Quartz. Downing (Craven) Farm, Pierces Corners. Town of Macomb.
GPS: (44°27'51"N, 75°29'30"W) *References:* Brown, 1983 – loc. #29; Robinson & Chamberlain, 2007b

 Rte. 58 Road Cut (F). *Minerals:* Calcite, Pyrite. 3.2 km north of Brasie Corners. Town of Macomb. GPS: (44°25'56"N, 75°36'30"W) *Reference:* Chamberlain & Walter, 2017

(L) Calcite (twin). Rte. 58 Road Cut. 6.4 cm. SCC30890 and photo. (R) Pyrite, Calcite. Rte. 58 Road Cut. 6.6 cm. SCC33361 and photo.

12) Lavack Mica Mine (C). *Minerals:* Allanite-(Ce), Calcite, Diopside, Fluorapatite, Goethite, Meionite, Microcline, Phlogopite, Pyrite, Titanite. Pierces Corners. Town of Macomb. GPS: (44°24'35"N, 75°29'49"W)

References: Brown, 1983 - loc. #85; Robinson & Chamberlain, 2007b

Phlogopite. Lavack Mica Mine. 6.7 cm. SCC40758 and photo.

13) Apatite Occurrence (C). *Minerals:* Albite, Calcite, Dravite, Fluorapatite, Graphite, Marialite, Microcline, Phlogopite, Quartz, Titanite, Zircon. Downing (Craven) Farm, Pierces Corners. Town of Macomb.
 GPS: (44°27'54"N, 75°29'36"W)
 Reference: Brown, 1983 – loc. #28

14)Chrome Tremolite Locality (C). *Minerals:* Albite, Chromium-rich Fluoro-tremolite, Diopside, Fluorapatite, Fluor-uvite, Graphite, Microcline, Phlogopite, Pyrite, Quartz, Titanite, Tremolite. Alvin Washburn Farm, Pierces Corners. Town of Macomb. GPS: (near 44°24'45"N, 75°32'30"W)
 References: Robinson & Alverson, 1971; Brown, 1983 – loc. #1; Robinson & Chamberlain, 2007b; Walter, 2022

(L) Chromium-rich Fluoro-tremolite. Alvin Washburn Farm. 13.5 cm. SCC34459 and photo. (R) Fluor-uvite, Calcite. Alvin Washburn Farm. 4.5 cm. SCC33479 and photo.

15)Dravite Locality (C). *Minerals:* Calcite, Dravite, Goethite, Graphite, Microcline, Quartz. North end of Alvin Washburn Farm, Pierces Corners. Town of Macomb.
GPS: (near 44°24'45"N, 75°32'30"W) *Reference:* Unpublished

Dravite, Quartz. Alvin Washburn Farm. 9 cm. SCC40469 and photo.

16)Calcite Road Cut (F). *Minerals:* Calcite, Goethite ps. Pyrite, Pyrite. Rte. 113 just south of Rte. 58. Town of Macomb. GPS: (44°23'32"N, 75°34'27"W) *Reference:* Chamberlain & Walter, 2017

Calcite. Calcite Road Cut. 6.8 cm. SCC37571 and photo.

17)Rastley Road Fluorite (Macomb Fluorite) Mine (F). *Minerals:* Calcite, Fluorite, Goethite ps. Pyrite. Pierces Corners. Town of Macomb.

GPS: (44°23'26"N, 75°32'45"W)

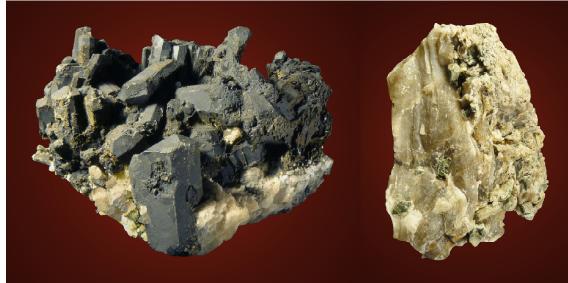

References: Kunz, 1889; Robinson & Alverson, 1971; Robinson & Chamberlain, 2007a,b; Chamberlain & Robinson, 2013; Walter, 2022

Fluorite. Rastley Road Fluorite (Macomb Fluorite) Mine. 8.2 cm. SCC6342 and photo.

18)Hedgehog Hill Iron Mine (F). *Minerals:* Hematite, Magnetite ps. Hematite, Quartz (jasper). Midway between Hickory Lake and Mud Lake. Town of Macomb.
GPS: (44°28'30"N, 75°27'40"W) *Reference:* Brown, 1983 – loc. #36

19)Black Lake Road Cut (C). *Minerals:* Diopside, Epidote, Meionite, Pyrite. Quartz (xls & flow), Titanite. Black Lake Road Cut in Rte. 58 at Bishop Road (obliterated by straightening of Rte. 58). Town of Macomb. GPS: (44°30'22"N, 75°35'11"W) *Reference:* Chamberlain & Walter, 2017

(L) Epidote, Meionite, Calcite. Black Lake Road Cut. 12 cm. SCC4261 and photo. (R) Quartz (flow). Black Lake Road Cut. 9.6 cm. SCC4066 and photo.

20)Cranston Farm (C). *Minerals:* Albite (Peristerite), Diopside, Dravite, Fluorapatite, Goethite, Graphite, Phlogopite, Quartz. Pierces Corners. Town of Macomb.
GPS: (44°27'24"N, 75°20'50"W) *Reference:* Brown, 1983 – loc. #25

Fluorapatite. Cranston Farm. 10.3 cm. SCC40473 and photo.

21)Birch Creek Calcite Gash Vein (F). *Minerals:* Calcite, Dolomite, Goethite ps. Pyrite, Graphite, Pyrite, Quartz, Tremolite. East of Birch Creek, south of Lead Mine Road, Pierces Corners. Town of Macomb. GPS: (44°23'49"N, 75°32'09"W) *Reference:* Unpublished

Calcite. Birch Creek Calcite Gash Vein. 8.5 cm. SCC34553 and photo.

22)Pope Mills Graphite Mine (C). *Minerals:* Graphite (radioactive). Rte. 7, Pope Mills. Town of Macomb. GPS: (44°28'13"N, 75°33'22"W)

References: Robinson & Alverson, 1971; Brown, 1983 - loc. #17

Graphite (radioactive). Pope Mills Graphite Mine. 11.8 cm. SCC22235 and photo.

23)Paul Rice Property (C). *Minerals:* Dravite, Microcline, Phlogopite, Quartz. Paul Rice Property, corner of Pine Hill Road and Robinson Road. Town of Macomb. GPS: (44°22'01"N, 75°34'26"W)

Reference: Walter, 2022

Dravite, Quartz. Paul Rice Property. 14.0 cm. SCC22730 and photo.

24)Pierces Corners Calcite Road Cut (F). *Minerals:* Calcite. Hyde Road, Pierces Corners. Town of Macomb. GPS: (44°25'50"N, 75°32'21"W)
 Reference: Chamberlain & Walter, 2017

Calcite. Pierces Corners Calcite Road Cut. 5.0 cm. SCC1327 and photo.

25)Macomb Copper Mine (F). *Minerals:* Calcite, Chalcopyrite, Malachite. Lead Mine Road, Pierces Corners. Town of Macomb.
GPS: (44°24'41"N, 75°31'53"W) *Reference:* Brown, 1983, loc. #2

- 26)Hurst Road Quartz Locality (F). *Minerals:* Calcite, Goethite ps. Pyrite, Quartz. Near intersection of Hurst Road with County Rte. 10. Town of Macomb.
 GPS: (44°24'51"N, 75°32'59"W) *Reference:* Walter, 2022
- 27)Cranston Farm Gash Vein (F). *Minerals:* Calcite. Pierces Corners. Town of Macomb. GPS: (44°27'04"N, 75°30'12"W)
 Reference: Brown, 1983 loc. #24
- 28)Hickory Lake Tourmaline Occurrence (C). *Minerals:* Calcite, Dravite, Microcline, Quartz, Titanite.
 0.6 miles southeast of Hickory Lake. Town of Macomb.
 GPS: (44°27'30"N, 75°30'05"W)
 Reference: Brown, 1983 loc. #26
- 29)Macomb Lead Mines (F). *Minerals:* Calcite, Fluorite, Galena, Sphalerite. Near Pierces Corners. Town of Macomb. GPS: (44°25′03″N, 75°32′11″W)
 References: Everts & Holcomb, 1878; Robinson & Alverson, 1971; Brown, 1983 loc. #5

30)Jones Farm Deposit (F). *Minerals:* Calcite, Fluorite, Galena, Sphalerite. Near Pierces Corners. Town of Macomb. GPS: (44°25'46"N, 75°31'38"N)
 Reference: Newland, 1919; Brown, 1983 – loc. #15

- 31)Prospect Pit (C). *Minerals:* Quartz, Tourmaline. Small Prospect Pit east of County Road 10, south of Mud Lake. Town of Macomb. GPS: (44°28'43"N, 75°28'45"W) *Reference:* Brown, 1983 – loc. #34
- 32)Small Pegmatite (C). *Minerals:* Dravite-uvite, Quartz. Small Pegmatite on west side of Maple Ridge Road. Town of Macomb.
 GPS: (44°29'20"N, 75°25'02"W) *Reference:* Brown, 1983 – loc. #62

- 33)Road Cut on Hall-Yellow Lake Road (F). *Minerals:* Calcite (fluorescent color zoning). About 0.6 miles from its intersection with Robinson Road. Town of Macomb.
 GPS: (44°21'44"N, 75°33'27"W)
 Reference: Unpublished
- 34)Barite Gash Vein (F). *Minerals:* Barite, Calcite. South side of Campbell Road. Town of Macomb. GPS: (44°20'31"N, 75°34'24"W)
 Reference: Walter, 2022
- 35)Scapolite Occurrence (C). *Minerals:* Calcite, Scapolite. Near Beaver Creek. Town of Macomb. GPS: (44°26'39"N, 75°30'11"W)
 Reference: Brown, 1983 loc. #21
- 36)Robinson Road Gash Vein (F). *Minerals:* Calcite, Dolomite, Goethite ps. Pyrite. Gash Vein north of Robinson Road, east of Rte. 58. Town of Macomb.
 GPS: (44°21'59"N, 75°34'46"W) *Reference:* Unpublished
- 37)Tourmaline Occurrence (C). *Minerals:* Goethite, Tourmaline, Tremolite. Southwest of Huckleberry Mountain. Town of Macomb.
 GPS: (44°26'18"N, 75°29'36"W) *Reference:* Brown, 1983 – loc. 69

Localities without GPS coordinates (not shown on map)

Barite Occurrence (C,F). *Minerals:* Barite, Phlogopite. Pope Mills. Town of Macomb *Reference:* Whitlock, 1903

Calcite Occurrence (F). *Minerals:* Calcite, Fluorite, Pyrite. 1.5 miles north of Elmdale. Town of Macomb. *Reference:* Whitlock, 1903

Downing Farm (F). *Minerals:* Galena. 1 mile south of Pierces Corners, Old Downing Farm. Town of Macomb. *Reference:* Newland, 1919

Ingram Farm (C). *Minerals:* Graphite, Tourmaline (dark brown and black), in gneiss-limestone contact. Town of Macomb. *Reference:* Whitlock, 1903

Jones Farm (C). *Minerals:* Quartz, Tourmaline (black). 0.5 miles northeast of Pierces Corners on County Rte. 10 to De Peyster. Outcrop about 0.5 miles on southwest side of road. Town of Macomb. *Reference:* Alverson

Mineral Point (F). *Minerals:* Calcite, Fluorite, Galena, Sphalerite. Vein in gneiss. Black Lake. Town of Macomb. *Reference:* Newland, 1919; Whitlock, 1903)

Pennock Farm (F). *Minerals:* Galena. 1 mile south of Pierces Corners, Old Pennock Farm. Town of Macomb. *Reference:* Newland, 1919

Phlogopite Occurrence (C). *Minerals:* Phlogopite (large xls), Pyroxene. Near Bridge in Pope Mills. Town of Macomb. *References:* Nims, 1886; Pennypacker, 1896

Rastley Road Quartz Occurrence (F). *Minerals:* Quartz. Rastley Road, Pierce's Corners. Town of Macomb. *Reference:* Unpublished

Quartz. Rastley Road. 6.4 cm. SCC14862 and photo.

St. Lawrence Mining Co. Mines (F). *Minerals:* Galena, Sphalerite (massive veins in limestone). 1 mile east of Pierces Corners. Town of Macomb. *Pafarance:* Whitlack 1903

Reference: Whitlock, 1903

Tourmaline Occurrence (C). *Minerals*: Albite, Amphibole, Apatite, Graphite, Phlogopite, Pyroxene, Scapolite, Tourmaline. 1 mile northeast of Pierces Corners. Town of Macomb. *Reference:* Whitlock, 1903

Tourmaline Occurrence #2 (C). *Minerals:* Tourmaline (yellow-brown, gemmy). Near Pine Hill Road. Town of Macomb. *Reference:* Alverson

Turner Farm (F). *Minerals:* Calcite, Galena, Sphalerite. 3 miles north of Brasie Corners on Old F.E. Turner Farm. Town of Macomb. *Reference:* Newland, 1919
