

Time for our Summer Picnic

Saturday, July 24, 2021

West Side County Park, 2152 Lakeshore Drive., Fennville

4:00 until dark?

Come and join fellow rock club members for our annual picnic at West Side County Park. You can come early or stay late and look for rocks on the beach. We will have a short meeting at 4:30, then eat dinner. Geode cracking will be from 5:30 - 7:00, with a short talk by Jon Mull comparing geodes from Indiana and Keokuk. Bring your own geode or buy one from the club for a small fee. Proceeds will benefit our Junior Club.

Bring:

Your own food and drink

Geode to crack if you have one

Outdoor chair

Bugspray, suntan lotion, beach attire, etc.

Mary is planning a raffle of 5-6 items, so bring your change!

This will also be your first opportunity to sign up for a time slot at a Show "work station". The sign-up boards will be there for you to grab the day and time slot YOU want.

Hope to see you there!
